

# Lower Arkansas Valley Hispanic Ministry

Lamar & Holly Churches

March-April, 2008

## UPDATE

Dear brothers and sisters who support this ministry with your finances and/or your prayers. God has given us the opportunity to share the good news to the Hispanic community.

Lately we have worked with the temporary workers in Granada. Some of them are very hungry to know the word of God.

Last Sunday we had a man come forward to take in Christ as his Lord and savior.

The evangelistic groups are very active working

with non Christian people. Also, the discipleship groups are working hard with the new converts.

Last Sunday, the church of Holly and Lamar gathered together to celebrate Elisa's birthday.

This coming month we will start a new project with the small groups and part of the new project is to start a New program for teenagers. We have also started a men's bible study twice a month.

May 7 til May 11 we will have revival in both churches. Rigo pena and I will be preaching at this revival. The jail ministry and the radio program are doing well.

Thanks to the Lord Jesus for all his blessing.
