

Lower Arkansas Valley Hispanic Ministry

Lamar & Holly Churches

June -July 09

UPDATE

I want said thanks to God, because he has given us the opportunity to serve him, serving others. This harvest season we have been helping the migrant workers in many ways, giving them ride to the groceries store, giving food, cloth, and the most important giving, “the gospel of salvation.” Some of them are coming to Lamar church, and some other are coming to Holly Church.

One night the women from the Hispanic church made burritos and we went to the migrant workers apartments and gave them away, while I was sharing a short message of the scripture. A lot of people came around us and listened the word of God.

Another wonderful news is that the mission team of Lamar Christian Church donated the money to buy a building for the Hispanic church in Lamar. Now the Hispanic group has its own building. Praise the Lord for that! We still needing a 15-passenger van for pick up people to the church. Specially, when the migrant workers are in the area.

I want to tell everybody, through this news letter that we will have a building dedication in Lamar. This will be in October 3rd, 2009 in the new building (200 N. Lamar CO).

Please pray

That God gives us the wisdom and the strategy to reach those communities.

For the members of the board.

For Elisa’s health.

For this ministry’s finances.
