

Lower Arkansas Valley Hispanic Ministry

Lamar & Holly Churches

April-May 09

UPDATE

We praise God for all of you, who are supporting this ministry throughout prayer and financially.

We pray that God Bless you abundantly.

Since the month of April we started in both churches, Lamar and Holly, lifting intense prayers for our community. Wednesdays and Thursdays a group of believers is gathering to pray. We believe that is one the most important thing that the church has to do for the lost community.

While we pray, we try to make contact with nonchristian and invite them to the church, when we have opportunity we give tracks and fliers away. We continue having outreaches every month, having dinners and fellowship after church service.

On April 25 a group of women had the opportunity to attend a woman's conference in Dodge City. Elisa was one the speakers that day. They were very excited about the conference and the fellowship they had. They said that was the opportunity to meet other Christian's women and share experiences with them.

For mothers day we had special music by the kids, a sermon by pastor, and a pizza party after the special program.

Please pray

That God gives us the wisdom and the strategy to reach those communities.

For the members of the board.

For Elisa's health.

For this ministry's finances.
